Device Software Subscription (DSS) Overview

Welcome to Lifesize DSS!

The Lifesize Device Software Subscription provides a comprehensive suite of services that help protect your investment, maximize its value and ensure optimal performance throughout the life of your Lifesize conference room system.

The plan includes Help Desk Support, Automatic Software Updates, Pairing to the Lifesize Service and Hardware Advanced Replacement.

A Lifesize conference room system paired to a Lifesize subscription must have an active Lifesize DSS contract at all times to be paired to the Lifesize cloud-based service. This ensures that the conference room system can stay current on software updates, which is necessary when paired to the service, and that it is entitled for Help Desk Support. When your initial DSS contract is nearing expiration, you have the option to renew. As long as you maintain an active DSS contract, your systems will stay paired to the Lifesize service and you can benefit from DSS-specific product features.

Description of Services for Conference Room Systems

- Help Desk Support
 - Phone
 - Email
 - Live chat
 - Web
 - Lifesize Community
- Automatic Software Updates
 - Access to the latest software updates and enhancements
